**QUALIFICATIONS AND SUCCESS (GPA AND 6-YEAR GRAD RATE) OF TRANSFERS COMPARED TO FRESHMEN FOR MOST RECENT COHORT WITH 6 YEARS (ENTERED FALL 2000)**

	1 <sup>st</sup> -term GPA	Grad Rate	Deg GPA
Frosh	2.79	65%	3.15
Tran CO Comm Col	2.67	63%	3.05
Transfers Other	2.84	67%	3.15
Transfer Total	2.81	66%	3.13

Overall, transfers succeeded just as well if not better than freshmen. Transfers from Colorado community colleges got slightly lower grades, but graduated at essentially the same rate as freshmen. This was not always true of community college transfers in earlier years.
